

**James Barone Racing**

**Custom Fabrication of Aftermarket Parts and Accessories**

## **JBR AP Mount Installation Instructions**

1. Choose a mounting location. Either on the left or on the right side of the console.
2. Attach the AP head to the gooseneck being sure to secure the head in a perpendicular position to the mounting bracket, facing you, so **no extreme twisting is required for final positioning** using the supplied socket cap bolt, lock washer. Locate the lock washer at the head end of the bolt and tighten with a firm grip on the gooseneck. **Be careful not to bend the head during fastening. Do not use the mounting bracket or the head for leverage when tightening.**
3. Slide you hand behind the console and ensure there is no wire looms the bracket will interfere with. If there is, simply push it up out of the way. Sound proofing insulation is ok to mount the bracket on to.

4. Loosen the wing nuts allowing for only a few threads remaining.
5. Bend the gooseneck away from the bracket. **Do not twist the gooseneck by the head or mounting bracket.**

6. Spread the 2 halves of mounting bracket apart.

7. Slip the back half of the bracket up and under the edge of the console.

8. Ensure that the mounting bracket is up far enough that the bottom of the console comes in contact with the mounting bolts and tighten with the a hex wrench.

**Note: Do not over tighten the mounting bolts.**

When you feel them getting tight one more full turn or two should be all it takes. If the wing nuts turn while tightening, slip a finger behind the bracket and catch the nut to stop it from turning.

9. Using the supplied Alcohol wipe, clean the head of the mount and back of the AP and attach one half of the Velcro to the head and the other to the back of to the device. Then attach the device to the head.
10. Use two hands to mold the goose neck in to the desired position.
11. Use the supplied zip ties to attach the cable for your device to the gooseneck.

**Please be sure to route the wiring for your device in a safe manner. Don't allow the wiring to interfere with your driving. Don't take your eyes off the road while driving.**

## **SHIPPING**

All orders are carefully inspected and packaged prior to shipment. The recipient must inspect all shipments for damage and report any damage to the carrier and JAMES BARONE RACING immediately. JAMES BARONE RACING is not responsible for damage that occurs during shipping.

## **RETURNS:**

All sales are final. JAMES BARONE RACING will only except returns in the event of a manufacturer's defect. Defective items will be exchanged for the identical item or repaired at our discretion. Return shipping costs are the responsibility of the purchaser. An RMA # (Return to Manufacturer Authorization Number) Must accompany all returns. In rare cases where a return is accepted a 15% restocking fee will be deducted from the refund or credit. Shipping charges are non- refundable. No returns or exchanges will be accepted after 30 days.

## **DISCLAIMERS:**

Failure to carefully follow the installation instructions for your JAMES BARONE RACING product could result in significant property damage, personal injury, injury to others or even death. Please take the time to read and thoroughly understand the instructions prior to installation. The instructions are as accurate as possible and may vary slightly from model year to model year. Professional installation is recommended. Neither JAMES BARONE RACING nor any of its employees, officers, directors, or shareholders will accept responsibility for improper use or installation of our products. JAMES BARONE RACING is not responsible for the misuse, incorrect installation, or failure of any product we sell. Under no circumstances, including but not limited to negligence, will JAMES BARONE RACING be liable for special or consequential damages that result from the use or inability to use our products. JAMES BARONE RACING does not assume responsibility for any damage to the user, driver, passenger or vehicle resulting from the operation of a JAMES BARONE RACING product. PLEASE DRIVE RESPONSIBLY.

## **WARRANTY:**

All JAMES BARONE RACING products carry a lifetime warranty to the original purchaser. Warranty is non-transferable. Warranty does not cover damage or failure caused by abuse, misuse, faulty installation or repairs not conducted by JAMES BARONE RACING. JAMES BARONE RACING is not liable for consequential damages arising from the use of our products or any indirect damages resulting in the loss of property, revenue or costs for towing, removal, installation, or re-installation. To receive warranty service you must contact JAMES BARONE RACING to receive an RMA # (Return to Manufacturer Authorization Number) at which time you will be provided with instructions for returning the faulty product
